AdvanceNet Health Completes RightSourceRx System Conversion

WARMINSTER, PA — August 19, 2013 — AdvanceNet Health Solutions, Inc. today announced that it has completed the conversion of RightSourceRx, Humana's prescription home-delivery service by mail, to the ePostRx™ Enterprise Pharmacy Management Software platform.

The ePostRx™ Open Source solution was adopted by Humana to accommodate all prescription distribution models (Mail, Durable Medical Equipment and Specialty Pharmacy) on a single network centric workflow application.

"The successful implementation and deployment for RightSourceRx validates that the open source business model works in high volume dispensing with multiple dispensing models," said John Strecker, President and CEO of AdvanceNet Health Solutions, Inc. "We believe ePostRx™ offers clients a cost effective alternative to that of proprietary software and provides inherit flexibility for business growth. We look forward to a very long and rewarding business relationship with RightSourceRx."

"After evaluating what options were available for pharmacy management software, we selected ePostRx™ because it seamlessly integrated our business models into a single platform," said Tony Keller, Vice President and COO for Humana Pharmacy Solutions. "As an open source application, ePostRx™ allows us to fully customize the software to meet our specific business needs and workflow requirements. Furthermore, as a web application, ePostRx™ provides RightSourceRx with an effective enterprise solution."

About AdvanceNet Health Solutions, Inc
