

We take Pharmacy Software to the next level

Automated prescription-fulfillment

The framework within ePostRx™ gives the Client the flexibility to support Pharmacy Dispensing in a variety of environments. Mail Order, Specialty, Chain and Long Term Care.

- Real-time electronic claims adjudication utilizing version D.0 telecom standard
- Configurable business workflows
- Electronic work queues
- Bar-coded order entry and tracking
- Product monitoring to identify and minimize bottlenecks
- Automated routing from station to station
- Automated therapeutic and generic substitution recommendation
- Centralized database

Our mission is to be the world's premier pharmacy technology company. Through our ePostRx 'crafted' source solution and service offerings, our goal is to enable pharmacies to facilitate higher fulfillment volumes, enhance patient care and increased profitability across their business enterprise.

AdvanceNet Health Solutions, Inc

Since March 2001, AdvanceNet Health Solutions (ANSHealth or ANS) has built a successful track record of research, development and application of new technologies that target the evolving pharmacy market.
